

Robert Fuller, M.D., FACEP

UConn Health Chairman of Emergency Medicine at University of Connecticut

Storrs, CT, US

Fuller has responded to nations battered by natural and manmade disasters -New York after 9/11, Haiti ; Philippines after a typhoon.

Biography

Dr. Robert Fuller, professor and chairman of the UConn Health Emergency Department, has been named one of the Connecticut Hospital Association's 2010 "Healthcare Heroes." Fuller was one of 10 Connecticut health care professionals so recognized for their work both in their field and in the community at large. He was among the first physicians to arrive in Port-au-Prince on a mission with the International Medical Corps following the earthquake that devastated Haiti in January. Fuller is one of two physicians to be presented with Healthcare Hero Awards at the CHA's annual meeting June 30.

Heroes Award

Every day, ordinary people make extraordinary contributions by putting their needs aside to help others in our community. The American Red Cross is honored to salute these unsung heroes. Your hero might be a lifeguard who saved a drowning child, an ordinary citizen who performed CPR when a stranger collapsed at a shopping mall, or someone who saved a neighbor's beloved pets from a fire.
