### **Leadership Lessons from The Land of Oz**

The path to success is a yellow brick road! Some of the best lessons in leadership were taught to us as children while we watched Dorothy and friends overcome obstacles on their journey to the Emerald City in Warner Brothers 1939 film The Wizard of Oz. This presentation examines some of the key lessons from the film and explores how you can apply them to modern business. Presented using a combination of dynamic visuals, interactive activities, and a healthy dose of humor!
