

Ron Priefer

Professor/Entrepreneur at Consulate General of Canada (CTA Boston)

Boston, MA, US

Ron Priefer is an expert in NMR spectroscopy, materials science, liquid chromatography-mass spectrometry, research design, and Polymers.

Biography

Ron Priefer is an experienced Professor with a demonstrated history of working in the higher education industry. He is a strong education professional skilled in NMR Spectroscopy, Materials Science, Liquid Chromatography-Mass Spectrometry (LC-MS), Research Design, and Polymers. In his current role as a Professor of Medicinal Chemistry and the Graduate Program Director, Ron focuses his research on Alzheimer's Diabetes, and Cancer. Ron also leads Breath Health as its co-Founder and CEO, and the company is developing a technology that specifically detects breath acetone using a nanotechnology approach.

Industry Expertise

Education/Learning

Areas of Expertise

Academic Advising, Mass Spectrometry, Organic Synthesis, Research, Organic Chemistry, Higher Education, Analytical Chemistry, Drug Discovery

Education

McGill University

Ph.D. Organic Chemistry
