Prefab and Energy efficient Home Construction

---

## **Biography**

Sheri Koones is a widely respected author who helps readers better understand that getting the house of their dreams can be done in an ecologically responsible and one-of-a-kind way. Her latest book - Prefabulous + Almost Off the Grid will be shipped in Oct. 2012. Prefabulous + Sustainable: Building and Customizing an Affordable, Energy Efficient Home won the prestigious Gold Award in the 20011 Robert Bruss Real Estate Book Awards from NAREE and Prefabulous The house of your dream, delivered fresh from the factory won that same award in 2008. Prefabulous + Sustainable, showcases the dynamic possibilities of prefabrication and green building that are making a big impact in homes all across America. Sheri's previous books include From Sand Castles to Dream Houses, House About It, and Modular Mansions. Sheri is also a columnist for Home Resource Guide and a freelance writer and speaker. She has earned degrees from Boston University and Columbia University and lives in Connecticut with her husband and two children. Sheri's next book will be released by Abrams in September 2012.
