

Sina Zare, Ph.D.

Assistant Professor of Information Systems and Business Analytics, College of Business Administration at Loyola Marymount University

Los Angeles, CA, US

Biography

Sina Zare joined the LMU Department of Information Systems and Business Analytics faculty in fall 2022. Sina earned his Ph.D. in management science from the University of Texas at Arlington, his M.S. in production engineering and management from the Royal Institute of Technology (Sweden) and B.S. in industrial engineering from Azad University (Iran). Prior to joining LMU, Sina was assistant professor of supply chain and operations management at Neil Griffin College of Business, Arkansas State University. His primary research encompasses topics in behavioral operations management, decision-making strategies, crowdsourcing, and the application of Blockchain in operations and supply chain management. He has extensive international work experience involving the application of data-driven analyses and quantitative techniques to the business sector. Moreover, his professional experience includes consulting for organizations including tech companies, entrepreneurial start-ups, and non-profits.
