

# **Stacey Curtis**

**Clinical Associate Professor/Assistant Dean at University of Florida**

Gainesville, FL, US

Stacey Curtis is passionate about student development through teaching and community pharmacy practice.

---

## **Biography**

Stacey Curtis says her mantra lies within the Ralph Waldo Emerson quote, "The purpose of life is not to be happy. It is to be useful, to be honorable, to be compassionate, to have it make some difference that you have lived and lived well?" She completes the quote with her own ending, "then happiness will follow!" Stacey displays her love of life and energy in the various roles she plays within the college. Currently, she serves as the Course Coordinator for Professional Practice Skills Lab, Community Introductory Pharmacy Practice Experience, and Advanced Topics in Community Pharmacy. The latter, an elective she created herself, combines two of her life passions: student development through teaching and community pharmacy practice. Additionally, Stacey serves as Course Co-Coordinator for Principles of Systems-Based Practice and Pharmacy Management.

---
