

Steve Owen

SVP Facilities Development at Lillibridge Healthcare Services Inc.

Dallas, TX, US

This expert leads high functioning teams to consistently deliver excellence in healthcare construction.

Steve is responsible for all aspects of the construction delivery process. He has spent over 30 years in the construction industry, with 25 of those years focused on healthcare projects. Prior to joining Lillibridge, Steve was VP Operations for Centex Rodgers and spent 8 years onsite at the Mayo Clinic in Rochester, MN leading his team through the Practice Integration Projects, a group of 16 projects adding over 2 million sf to their campus. In his career he has had the opportunity to serve clients in a variety of roles; from leading preconstruction and estimating efforts, to directing work in an on-site operational role, as well as overseeing projects and regional offices over a wide geographical area. Through his experience of delivering projects and construction services to a variety of clients and end-users all over the country; he has developed a unique understanding of the importance of high functioning teams to the consistent delivery of excellence in healthcare construction. Steve earned his BS from the University of Florida.
