## **Biography**

There is an insidious disease on the planet right now! It has polarized whole sections of communities world wide, and it's growing relentlessly, threatening to undermine the very strength of every man, woman and child's right to live their life in true freedom and happiness. Now people are hungry ? for answers. They are in search of a live force to provide them with real guidance for living their life today. It took one man to change his name and change his ways to reach those in trouble and lead the way for those to come. His sole mission and the very first words he spoke in 1998 when he set forth on his incredible journey, were: "The Total Elimination of Hate, Violence and Prejudice Worldwide!" Since that day, Scary has worked with over 10 million people worldwide. He is an expert in human behaviour and unique in his capacity to reach all people. The Scary Guy ? The most powerful Agent for Change on the planet today! His sole mission is "The Total Elimination of Hate, Violence and Prejudice Worldwide." These were the first words that Scary spoke when he began his mission in 1998. Since that day, His core, underlying message is that prejudice and its ill effects on the World's Community must be combated by every means possible - without becoming negative in the process of achieving this, either on an individual, community or global level. He is a real force ? the "Live" person that a sizeable and growing segment of our youth today hunger for - someone to provide them with believable guidance in this current era of social polarization, brought on by hate, prejudice and spiraling "non-responsibility-accepting," "no-accountability" conduct. "His message is powerful. His delivery is unique. I highly recommend Scary Guy to any group. His appearance, and his important message, won't soon be forgotten." Rick Lucas. President, The Lucas Group.
