## **Testimonials**

### **Geoff Dick**

?Toni presented a short relationship workshop to our leadership team. The effect was profound. A year later 50% of my team had still made long lasting changes to the way they relate.?

### **Michael Rosengren**

?Was not a marketing or selling of a concept, it was a palette, a brush and paint and the choice to do something. Very personal, humbling and thought provoking. A smorgasboard of real life, relatable concepts and ideas but underpinned by science.? And asked about the effect in the workplace: "Frankly amazing."

### **Marilyn Bradford,**

?I would love to have made it mandatory for all my staff.?

### **Petrea King**

"Toni is a brilliant and engaging storyteller, her authenticity and passion shines through everything she does.?"

### **Nisha Iyer**

?Toni has the unique ability to connect with people of all levels and combines examples, humour and high energy to convey her message, while consistently receives outstanding feedback from delegates who attend her sessions.!
