Shale Gas: Extracting Value

This discussion will focus on shale gas, addressing capital raising strategies and key regulatory risks, including: What capital raising strategies? asset sales, strategic M&A, JV agreements? will be most widely used to cover drilling and production costs? How will horizontal drilling and hydraulic fracturing regulations affect companies investment strategies? How is the competitive landscape changing for smaller, independent players? What is the long-term outlook for specific US shale plays?

Principal - Deloitte Consulting LLP

Deloitte LLP have professionals with a single focus: serving our clients and helping them solve their toughest problems. We work in four key business areas?audit, financial advisory, tax and consulting?but our real strength comes from combining the talents of those groups to address clients' needs. As the world?s largest management consulting firm, we help organizations build value by uncovering insights that create new futures and doing the hard work to improve performance.
