

Tyler Harlan

Associate Professor of Urban and Environmental Studies at Loyola Marymount University

Los Angeles, CA, US

Bellarmino College of Liberal Arts

Biography

I research the political economy and uneven socio-environmental impacts of China's green development transformation, and the implications of this transformation for other industrializing countries. I am currently working on two projects: one on renewable energy and rural development in China, and another on China's "green" Belt and Road Initiative in Southeast Asia. For more information, please visit www.tylerharlan.com.

Education

University of California, Los Angeles

PhD Geography

The University of Melbourne

MPhil Resource Management and Geography

Vanderbilt University

BA Anthropology and East Asian Studies
