Zoe Cunningham

Managing Director at Softwire

London, United Kingdom, , GB

Managing Director at Softwire

Biography

An award-winning executive level technology professional with experience across sales and marketing, delivery and coaching. I am passionate about technology that changes how we live and in 2012 founded Tech Talkfest to help find and promote the amazing startups based in London. I love to communicate about technology and you can find me presenting technology TV and radio shows and speaking on a wide variety of technological topics.
